MHT-CET (STATE BOARD)
ENGINEERING ENTRANCE TEST

KALRASHUKLA CLASSES

A Class Apart

Message from the Founder

Prof. R. D. Shukla, Founder,
Kalrashukla Classes

It takes a lot of courage and insight to choose a different path, to build on your own strengths.

Today with large number of students opting for IIT-JEE Programs, choosing not to do IIT-JEE can seem scary. It makes both parents and students question whether they are missing out on national level colleges, whether they should give IIT-JEE a try, like the other students.

Opting for State Board MHT-CET entrance, is about working on your core strengths as a student. When

you choose MHT-CET, you choose to compete for the best engineering colleges in Mumbai.

This focus can help you build a solid foundation in Science and Maths over the next two years. I do believe that by opting for this program, you will be setting yourself up for your very best performance.

Building a legacy

Kalrashukla Classes has completed almost three decades of coaching students to top scores and state level ranks at Engineering and Medical competitive entrances, and also at Std. XII Boards.

During this period, exams have changed, paper patterns have been regularly revised, and new exam formats introduced. For students and parents, this can be extremely stressful, especially with the entrances today being the career determining exams for students hoping to pursue careers in Science.

At Kalrashukla Classes, we have evolved a teaching

methodology that focuses on fundamentals, on concepts, and finally on specific exam pattern. This teaching methodology ensures that the student is thorough with the content, no matter which exam he / she appears for.

This course builds on thorough understanding of fundamental concepts of each subject, giving students an excellent foundation. Kalrashukla coaching supports our students even later as they begin their college studies, allowing them to perform well in higher classes too.

About our MHT-CET program

Kalrashukla has the distinction of having coached more students to the finest Mumbai engineering colleges than any other institute in the city. This achievement makes us the preferred institute when it comes to State Board Entrances.

Acquiring a seat in the most prestigious engineering institutes of Mumbai and Maharashtra is a challenge; and a dream that lakhs of students across the state pursue every year. Today, getting into an engineering college is not difficult, the problem lies in getting into a reputed and good engineering institute. That is where your coaching and preparation begin to make the difference.

The Kalrashukla MHT-CET Program is carefully designed to help you reach your academic goals.

Whether you have an innate love for the subjects, or are willing to commit to excellence through hard work, the expertise of our faculty will coach you for success at the entrances.

The program is expertly structured and coaches students through multiple levels of difficulties, while ensuring a thorough understanding of fundamentals, theory and right application of content learnt at every stage.

- Gurukul-type ambience; State of the art educational infrastructure
- Premises open from 7.00 am to 9.00 pm; Tutors available throughout
- Faculty specially hand-picked from across Mumbai
- Concise, to the point study material

MHT-CET State Board Engg. Entrances

At Kalrashukla, the two year coaching for MHT-CET engineering entrance lays the foundation for fundamental understanding of core subjects. Regular tests, assessments and open forums enable students to stay on track.

Regular self study and revision of topics done in class is important if a student wishes to achieve top scores at MHT-CET. The Program is designed to build logical, analytical and numerical skills that are key to success at the entrance. The Kalrashukla MHT-CET 2 Year Classroom Program has been one of the most successful coaching programs for State Level Engineering Entrances ever since its inception in 2004.

Courses Offered

2 YEAR PROGRAM

For Std. X
appeared students

1 YEAR PROGRAM

For Std. XI
appeared students

Course Schedule (6 days per week)

	Vacation Session	Regular Session
Lecture Timings	7.00 am to 1.40 pm or 2.00 pm to 8.40 pm	7.00 am to 10.10 am or 6.00 pm to 9.10 pm
Duration	6 hrs	3 hrs
Weekly Schedule	Lectures from Monday to Saturday, Test as well as lectures on Sunday	

About Tests

Nature	Chapterwise, Grouped chapters and Full portion tests for HSC as well as Engineering Entrance Test	A booklet of Test Schedule and Test Record for the entire duration of course is given to students on the first day of course commencement.
No. of Tests	60 (MCQ type : MHT-CET Level) 12 (Subjective type : Board pattern) 3 (Prelims for Boards) 20 (Prelims for Entrance Test)	

About Fees

- Kindly collect the Fee Details sheet from the front office at any of our centres.
- Parents are requested to note that Kalrashukla Classes does not offer arbitrary discounts. But if an academically good and hard-working student is in genuine need of financial support, the student may apply for a scholarship.
- A written application accompanied by appropriate financial documents must be submitted to the Branch Manager with student details. ■ The decision of the management will be final in matters of approval of the scholarship and its amount. ■ The fees finalised can be paid in six monthly installments. ■ There is a 10% rebate in fees if the total fee is paid upfront. ■ Students can also avail of 10% sibling discount, where applicable.

Boards Coaching Std. XI • Std. XII

The 'Boards Only' Coaching is ideal for students who plan to pursue courses like Architecture or Pure Sciences, and do not wish to appear for competitive engineering entrances.

Nowadays, there are very few students wanting to do 'Only Boards'. Hence, we do not conduct Boards coaching at all our centres. The coaching for State Board is offered only at the following centres : Vile Parle, Borivali, Dadar, Ghatkopar, Thane and Kalyan. There is no integrated program for this course.

About Fees

- Rs. 20,000 per subject of Std. XI, Rs. 22,500 per subject of Std. XII. Taxes extra as applicable.
- GST is currently charged at 18%. The same is liable to change as per government rules & regulations.
- A student must enroll for a minimum of 3 subjects.
- The above fees can be paid in six monthly installments.
- There is a 10% rebate in fees if the total fee is paid upfront.
- Students can also avail of 10% sibling discount, where applicable.

Notes to parents

Attendance, Test performance & Related matters

Batch size

Not less than 30 and not more than 50.

Parents and students must note that, it is not possible to run a batch with less number of students. Teachers need good number of audience for their better delivery of lectures. To create ranking of students in test scores, more the number, better is the comparison chart.

As per our experience, in a batch size of 30, we certainly have some students in the batch who keep asking questions / doubts during lectures and this makes learning / teaching very interesting. In a very small batch size, sometimes all students are introverts and do not ask any questions or doubts.

What happens if batch size is incomplete

In the batch size is incomplete, say, numbers are 20, on the scheduled day of start, we shall start the batch. We will continue teaching with this batch of 20 students for upto one month. Normally, more students join and the batch gets filled.

However if, even after a month, the batch size is incomplete, we transfer students to the nearest branch. In case you do not want to go to the nearest branch, the refund of the fees is offered (deducting the registration charges which is non-refundable.)

Communication with parents about attendance and test performance

It is done with the help of software and an app. Parents get automated SMSes/emails about the regular attendance and test performance of their wards. The records are maintained by the institute as a routine.

Sometimes, a parent complains that the regular message or emails are not being sent and that the institute is not communicating properly. This could be due to a glitch in the software or the system.

In such cases, the onus is on the parents to inform the institute regards the lack of communication. Our team will look into the matter and will attempt to resolve the same at the earliest.

In the meantime, the parent is welcome to visit the office of the branch on a regular basis (even daily) to know

about child's attendance and test results. He can also meet teachers on regular basis to discuss academic progress of the child.

How will the student cope up if he / she is joining late?

Of course, a student joining late has disadvantages. He / she will have to work hard to bring himself / herself on par. He / she can also watch the videos of the missed lectures. After completing the video lecture, he / she can ask all the doubts to the respective subject teachers.

Repetition of lectures is not possible.

Dealing with late-comers

Students must be on their seat in the classroom at least 5 minutes before the lecture starts.

A latecomer is a student who comes after the teacher has entered the classroom and closed the door. Late just a minute, and a few minutes late is one and the same. All such students are asked to enter the classroom together, in one go. This causes the least disturbance to the teachers.

There are teachers who are too disciplined and do not like students entering late in their classroom. If teacher refuses for late entry, office staff cannot interfere. Teacher's decision is the final.

In such a case, we can only sympathize with parents. You must support the institute for all the disciplinary actions.

There are few students who come late regularly. Beyond a point, parents are called in the office to discuss the possible solution (and alternatives).

Note: Students and parents are very politely warned by the Management of Kalrashukla to keep themselves away from forming groups on social media with individual subject teachers. You are requested not to communicate with teachers and staff members on their personal email ids or cell phone numbers. All communication should ideally be routed through the branch office where the student is studying.

Official mobile number is 8080807061;
and the personal email id of
Prof. Shukla is profshukla@outlook.com.

General Information

When we adhere to pre-defined systems and processes, we ensure higher levels of efficiency for the institute and our students. The key rules and regulations of the institute are outlined here for your quick reference.

Mode of payment

Fees can be paid by local cheque in favour of 'Kalrashukla Classes Pvt. Ltd.' Preferred mode of payment for fees is by Cheque / Pay Order / Bank Transfer.

Note :

1. All PDCs - in case of the installment option should be given at the time of admission.
2. In such cases, the admission form will NOT be accepted without the PDCs.
3. Parents would be given an acknowledgment slip with the details of the PDCs submitted.
4. In case of any cheque being dishonoured, a penalty as applicable by the bank will be levied for every default.
5. Any change in GST (currently @18%) by the government will be applicable.

Rebate On Fees

Fees are fixed and no arbitrary discounts are offered to anyone, irrespective of personal relationships and / or financial conditions.

Refund Of Fees

There is absolutely no refund of fees under any circumstances (including change of plans, change of residences, transfers, change of school, change of stream, etc.).

Disclaimer clause for all courses

- Normally, in any institute the fee once paid is neither refundable nor adjustable under any circumstances. So, when a student joins a course, in spite of the fact that he may not be satisfied with the services provided, he has to continue there because fees will not be refunded.
- We are supremely confident of the quality of our teaching and services rendered to the students. However, in order to be fair to the student community, we have a 'Disclaimer Clause' whereby a student has the option of disclaiming his admission within a fortnight of the start of the course. No questions will be asked. Full fees, minus the total GST, will be refunded on receipt of a written request signed by the student's parent/guardian.
- To take advantage of Disclaimer Clause, a student should have attended all the lectures on at least the first day of the course or first day after joining the course according to the timetable of his/her batch or course.
- Students can disclaim admission only in Std. XI itself, after which their admission would stand cancelled. The Disclaimer Clause is applicable only once: at the very first instance of joining the Institute. The Disclaimer Clause is NOT applicable if we receive the 'request' later than fourteen days from the start of the course.

Refund policy for students who fail in Std. XI

A student detained in Std. XI can opt out of further coaching by presenting a certified copy of his Std. XI mark-sheet within 14 days of the declaration of results, whereby 35% of the fees paid would be refunded by cheque, less the total GST already paid. This refund policy is in place as the course for Std. XII at our institute commences while the students are still in Std. XI. By the time the Std. XI college results are declared, over 50% of the Std. XII syllabus is completed.

Periodical tests & mock tests

Regular Tests form a major feature of the coaching programme and are scheduled right through the course. MHT CET is a Computer Based Test (CBT). So we conduct tests accordingly. Tests are held in chapter-wise, combination chapters as well as full syllabus wise in each subject. Test papers are machine graded to ensure accuracy and comparative rankings.

Faculty

Professionally qualified and experienced, each faculty member ensures personal attention to the individual needs and shortcomings of each student.

Study material

Authentic, comprehensive yet concise, the study material comes in form of professionally printed books/booklets. These obviate the need to purchase or refer to other books.

Parent-student Counselling

Efforts are made to involve both parents and their children, on a one-to-one basis, in cases where there seems to be a lack of commitment. Regular updates on each student's attendance and test performance are intimated through telephone, SMSes or e-mail.

Attendance

Attendance is a must for all lectures and tests. Absenteeism is severely discouraged and will be allowed only during an emergency. Parents are requested to ensure the regularity and punctuality of their wards for the lectures and tests.

Student responsiveness

Commensurate with our sincere efforts to provide the best guidance, we expect our students to be equally responsible by putting in hard work throughout the course period. These courses at our institute are not for those who just enrol and expect miracles to happen.

Discipline

Disorderly conduct and/or non-compliance with institution's rules and regulations would disqualify students from further attendance, solely at the cost and risk of the student's own future. In such cases, no part of the fees would be refunded.
